NUMBER OF SAMPLES

SAMPLE TYPE (CHECK ALL THAT APPLY)

- ☐ Buccal (cheek) brushes — two small, dehydrated brushes per dog
- ☐ Dehydrated blood spot on a PermaCode card

Declaration

> The sample(s) enclosed under the invoice or tracking number above are being submitted for testing for genetic traits and/or genetic health conditions at Animal Genetics, Inc. Each canine sample consists of either two small dehydrated buccal brushes or a dehydrated blood spot on a PermaCode card.
>
> The animal(s) are not presumed to have any infectious health condition that may be transmittable to humans, and the origin material has not been inoculated with or exposed to any livestock or poultry disease agent (USDA Guideline 1102).
